

You get my head
out of the game.

I'll share my secret
hiding place with you.

We add up to the
perfect match.

Being with you is easy -
it's like kindergarten.

It feels so right
to be here with you.

I only kiss after
the second movie.

Chrystina Noel

You're fabulous!
(I should know!)

Give me your number -
I'm great at callbacks.

I don't mind
letting you shine.

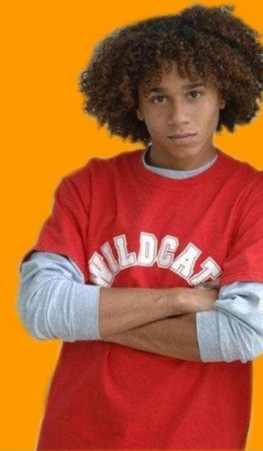

You're a crowd favorite!
(Just like jazz squares!)

¿Quieres bailar?

So, you're going with me
to the afterparty, right?

Christina Noel 

Our chemistry is smokin'!

I could always use another set of hands.

I'll bake you something very satisfying.

I'll be your playmaker.

I think you're cooler than homework.

We're all in this together!

Christina Noel

Flawless choreography
is always an option.

Status quo?
More like status whoa!
